

Winner activity prize KBC Investor Race

Nick name Prize

MargoB Travel voucher worth 2 000 euros

The jury compared all the players and their participation rate and Margo came out tops! She not only met all the conditions, she was very active at various levels and had the competitive edge.

She was extremely active on the forum from start to finish by asking questions about investments, helping co-participants, encouraging them, and boosting interest and engagement...

She also made suggestions by calling the helpdesk, took part in several sub-competitions and actively shared content on Facebook. Lastly, she continued to invest to the very end, even though she didn't come out top in our main prize ranking. Margo's commitment and involvement really impressed us. She demonstrated a desire not only to enjoy herself or win prizes but also to learn, acquire new insights, help the game along, and truly encourage others.

By behaving according to the true spirit of the game, Margo fully deserves the activity prize of the 2017 KBC Investor Race. Margo, we're delighted to give you a travel voucher worth 2 000 euros. Enjoy your trip! You'll also be invited to the prize-giving ceremony just like the main prizewinners.
